 Land 3^d rate. Timber Oak sprouts & swamps.
 Burnt brush very thick, most of the distance
 and appears on the borders of Barrens.

June 2^d 1831 Surveyed by
 E. H. Gyle C. S.

Commenced this Town May 31st and finished
 this 2nd day of June 1831. having been 13 days
 at work.

The Range line between Ranges 14 & 15 seems
 to have been Run at a Variation of 5° 5' but
 from unknown causes works to the East, after
 the 3^d closing. The same or a similar cause
 exist more or less throughout the whole Township
 and I have continually raised the variation
 from 5° to 5° 10' on the South to 6° on the
 North part of the Township and yet the
 Eastings are most generally less than 80 chains.
 The same Cause operates on the East lines as
 on the North and the lines have generally
 closed well at the right angles.

The swamps are generally thick with Alder
 and Willow growing from 8 to 10 feet in height
 and the water generally deep. They generally

437

T 37 N. R 14 E 2nd Mer. Indiana.

Connect. —

The Trail Marked as Coming in on Sec 25 is, with the exception of about 2 miles through 25 + 23. on good ground and is much used.

The Trail Marked as Coming in on Sec 33 loses itself at the Swamp. in Sec. 27 is probably a hunting road.

The trail in Sec 32 is large and much travelled. Much of the timber has been blown down years since in patches of, from 1. to 3 hundred acres, and is now grown with a growth almost impenetrable on the upland. and in some of the black Ash Swamps + Tamarac Swamps.

The water from the large Marshes in Sec. 5 + 6 discharges itself to the North.

I have Marked the Swamps as near as I could. from observation on so small a scale, at the close of each day's work.

But there may be more dry land than appears to us.

E. H. Lytle
Dep^y Surveyor.

Pursuant to a Contract with, and instructions from William Lytle, late Surveyor General of the United States, bearing date the 26th day of November. I have surveyed and subdivided into Sections. Township N 37 North of Range N 14 East of the 2nd Mer. in the State of Indiana. And I hereby Certify, that the foregoing are the true and original Field Notes of the said Survey and Subdivisions made under the Contract aforesaid.

Certified this 17th day of August 1831
E. H. Lytle D. S.

T 37 N. R 14 E 2nd Mer. Indiana.

Certify that the foregoing transcript of
the Field Notes of Township No 37 North of
Range No 14 East of the 2nd Mer. in the State
of Indiana, has been compared with the
original Notes in this Office, and found to
be correct.

Surveyor General's Office
